

AMERICAN EUROCOPTER PILOT AWARD

The American Eurocopter Pilot Award has been developed to recognize flight experience in Eurocopter's broad line of helicopters. The award is based on hours flown, and qualifying pilots receive an award pin and certificate for each level reached.

Award Criteria

- Award levels are based on number of hours flown in a Eurocopter helicopter.
- Time in both current production and earlier Eurocopter models is valid.
- Pilots may combine times, if they have experience in flying more than one Eurocopter model.
- Hours should be cumulative, starting with the pilot's first flight experience in a Eurocopter helicopter.
